

# GCash Scan to Pay Guidelines

## How Do I Pay Merchants via QR Code?

4

Align your phone's camera to the store's QR code to scan it. Make sure the QR code is within the frame.

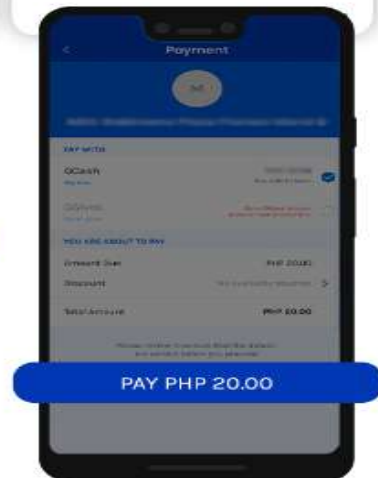

5

Input the total amount to be paid and tap **Next**

6

Review all details then tap **Send**

7

You will see your in-app receipt and receive an SMS receipt to confirm your transaction. You may also view your transaction history
