

## Pay with QR

Paying with Maya is as simple as opening the app and scanning the merchant QR code

### Step-by-step guide:

1. **Open the Maya app:** Launch the Maya app on your smartphone.
2. **Tap the scan option:** On the home screen, find and tap either "Scan" or "Pay with QR".
3. **Scan the QR code:** Point your phone's camera at the static QR code displayed by the merchant or the dynamic QR code shown on a Maya Terminal.
4. **Enter the amount (if necessary):** For static QR codes, you may need to manually enter the amount. For dynamic codes, the amount should be pre-filled.
5. **Confirm and pay:** Review the merchant's name and amount, then tap "Pay" or "Send Payment".
6. **Check for confirmation:** You will receive a confirmation message in the app and via SMS once the payment is successful.
